Names of John H. Barnes, Frank N. Gardner, Henry H. Pettis and Arthur F. Libby Presented in Legislature For Judgeship—Bills to Create State Commissions Are Multiplying.

(By a Staff Correspondent.)

Hartford, Jan. 25.—Judge John H.

Zarnes and former Senator Bailey are actively seeking to retain control of the Norwich city court. Both gentlemen actively seeking to retain control of the Norwich city court. Both gentlemen are well trained in the political game, are well trained in the political game, even as it is shamply played at the state capitol. What they do not know in regard to the inside work is not worth the knowing. Judge Barnes is a candidate for reappointment and there isn't a member of the judiciary committee, or any member of influence in the legislature, or leaders in the shird house who are not aware of the fact. Senator Brown of Norwich has placed in nomination as opponent to Judge Barnes, Frank N. Cardiner and will use all open influence in the hope of landing him into the judge-ship. There has been talk of an open fight for discussion before passage or rejection.

Mr. Rogers of New Lendon presented an act concerning provisions for retired employes of the board of water and sew-tendon, it provides that: When any employe of the board of water and sew-tendon has placed in nomination as opponent to Judge Barnes, Frank N. Cardiner and will use all open influence in the sex of the city of New London, it provides that: When any employe of the board of water and sew-tendon provides that: When any employe of the board of water and sew-tendon provides that: When any employe of the board of water and sew-tendon provides that: When any employe of the board of water and sew-tendon provides that: When any employe of the board of water and sew-tendon provides that: When any employe of the board of water and sew-tendon provides that: When any employe of the board of water and sew-tendon provides that: When any employe of the board of water and sew-tendon provides that: When any employe of the board of water and sew-tendon provides that: When any employe of the board of water and sew-tendon provides that: When any employe of the board of water and sew-tendon provides that: When any employe of the board of water and sew-tendon provides that: When any employe of the board of water and sew-tendon provides that: When any employe of the board of water and sew-tendon provides that: When any employe of the board of water and sew-tendon provides that: When any employe of th

be when the resolutions of appointment water or sewer department of said city shall be considered as time in the service of that important committee.

There were theirty-five resolutions on resembler of that important committee.

Possibly there may be another round or two in the legislature, when the judiciary committee makes report. Henry H. Pettis and Arthur E. Labby have also been hominated for judge. The motive is apparent, but the result is doubtful.

Prom this distance it labby the parent of the proposed to be in readiness for final action.

From this distance it looks as it Judge Barnes, adroit politicism that he is, would win out, even with Senster Brown on the indiciary committee. This despite the fact that in the contest for nomination for senate, Brown won out over Balley by an overwhelming vote, at the caucus when delegates were chosen to the sena-

PALMER CHARGES UNTERMYER

eral Palmer tonight charged Samuel Untermyer, New York attorney, with act-ing "in the German interest" and "with simply serving his old clients" in his recent criticisms of Mr. Palmer's con-duct of the office of allen property custodian and attorney general.

The attorney general presented his charges in a formal statement with quotations from a report taken from Captain Boy-ed, former naval attache of the German embassy here, upon his capture by the British in Palestine, and from the diary of Heinrich F. Albert, former chief privy councillor of the German embassy. The report of Captain Boy-ed, referred to Mr. Untermyer as the "unpaid judicial and legal adviser of the German embas-sy, while Dr. Albert, in his diary, is quoted as describing a "meeting brought about for business reasons" at Mr. Un

Because my departure had to be utilized in any circumstances to the advantage of the officials remaining behind, expecially the German ambansadors. At the last minute I decided in collaboration with Chief Privy Government Councillor Albert, to make merely a short and less sharp statement, which was an extract of Untermyer's long one, in the personal interest of my war ware rester near and statements.

I drove there and had no reason to repent this meeting brought about for business reameeting brought about for business reasons. Untermyer is personally a by no

Their property has been taxed for nearly twice the actual values, these non-resident owners claim and they feel that this has been done because they do not that the defendant was to pay \$10 for resident owners claim and they feel that this has been done because they do not happen to have a vote in the town of Salem, and apparently have no redress, but they predict before the matter is disposed of they will have considerable redress in a manner other than was expected by the assessors of the town of Salem.

Aufman and Lindhelm were the publicity enemy owned property. He refers to enemy owned ornering in this country as properties of these unfortunate people whose sad plight he always sought to alleviate.

Meanwhile the voters and tax-payers in the town of Salem will have to stand the expense of the arbitrary action of their assessors. In fact there are many residents in the town of Salem, it is claimed, who think that the arbitrary action of the Salem assessors was entirely unwarranted, and it looks as though they will have to give an account of their stewardship one of these days to the town of Salem.

It is asserted that the transfers the money and property were fradulent, without authority and unknown to Elien Benhsin and that they were made for the purpose of defrauding her as an heir to the estates. The complaint sets forth that he defendant has collected large sums of money in rents and profits from the property which was transferred.

Papers in the suit have been served by Deputy Sheriff J. H. Tobbs and are returnable before the superior court the first Tuesday in February.
